

Choice You Can Believe In!

Information is power.

The more you know, the more comfortable you'll be if and when you need home health care.

According to Medicare, to be eligible for home health care an individual must:

1. Require assistance to leave home
2. Have a medical reason to require home care services
3. Need skilled care - nursing, physical or occupational therapy
4. Have a written physician's order

The Social Security Act guarantees your right to choose your own provider. **Peninsula Home Care** provides the following services:

Assessment	Nutrition
Instruction of Disease Management	Activities of Daily Living
Medication Instructions	Education and Training
Wound Care	Home Safety
IV Therapy Management	Pain Management
Colostomy/Ostomy Management	Monitoring of Health Status
Rehabilitation Exercises	In-Home Chemotherapy

There's no place like *(your own)* home - and no one understands better than Peninsula Home Care. Keep this wallet card handy - and remember, it's your choice.

It's Your Choice!

How do you choose the home care agency that is right for you and your needs?

Below is a “Have I asked?” checklist list of questions to consider when it's decision time.

How long has the agency been providing home care services?

Is the agency Medicare certified?

What range of services does the home care agency provide?

Do they offer the specific services that you need?

Does the agency involve the patient and caregiver in the plan of care?

Does the agency have 24/7 availability for questions or problems?

If I have an insurance other than Medicare, does this agency accept or participate with my insurance?
